

# Our Days in Grade 2

February 10th, 2023

Another month is half done and the days are flying by. We are learning so much!

This past week we started our "Penguin" unit in more depth. We are focusing on kindness, compassion and gentleness for Bible and in ELA we started our "Mystery" unit with a focus on Nate the Great. Shapes and Solids should be done within the next week.

Please remember to make/get valentines and send to school on Tuesday. Thank you.

Our classroom theme is "Show the Love" and this month more than ever we are trying our best to do that. On Tuesday we are all so excited to give and share our valentines and treats with one another. This school year so far we have been learning to "Show the Love" to others too and we donated to the Hope Centre Food Bank, and ran in the Terry Fox Run also raising money for the cause as a school. So great Grade 2!
