

Our Days in Grade 2

February 2nd, 2023

"I Love to Read" month is now underway and I am grateful for a group of children that enjoy books. Story time is a special part of our days and the children try to listen attentively. They are also working at using reading strategies to help read books and sound out unfamiliar words.

We are also looking forward to a month of "Showing the Love" more than ever as it is our classroom theme after all.
